

NCLUG / NCDOT

OpenX

Update Week Event

Feb. 21-24, 2022

[With multiple events
happening each day]

Bentley OpenX

(Roads, Bridge, Flow & Rail)

OpenX refers to all the different Bentley Connect Edition brands. Come hear from different NCDOT Units about where they stand on generating production design and plans. During our update week event many NCDOT units will address the readiness and design workflow challenges necessary to make the conversion over to the OpenX platforms.

Week's Line Up of Events:

Attendees must register for each session separately to received pdh credits for that session.
